Need a hand? *We can help...*

Richmond HandyCrew Co-operative utilizes skilled, reliable workers to do small outdoor and home maintenance jobs in Richmond.

We use commercial equipment and eco-friendly supplies where possible.

The HandyCrew is a co-operative which means the workers own the business and are personally interested in the co-op's success. The workers are committed to building a business that provides quality service to Richmond residents.

RHCC is invested in the long-term success of the workers involved. HandyCrew provides reliable, quality work and employs individuals with a developmental disability.

I have managed a 40 unit subsidized housing complex for the past 5 years. During this time we have used a number of different landscaping companies. This year we were fortunate to hire the Handy crew. We are extremely pleased with the level of commitment, hard work and professionalism they have shown. Their landscaping work is only a part of the benefits our community receives. The crew members are on a first name basis with many of our tenants and are an inspiration to us all. We receive endless compliments on their work.

*Christine McWilliams
Manager, Dockside Village*
